Features of our Medical ID Wristband

1. Hard wearing & designed for every day use
2. The waterproof ID card is kept securely and discreetly within the band
3. Easily Updated - spare ID card included
4. Available in 3 sizes (small, medium & large) - see sizing info. below
5. 100% waterproof - OK to use in the swimming pool or ocean
6. Comfortable & discreet.

Our Medical ID Wristband Beats the Competition

- **Fully Updateable** - Our medical ID wristbands allow the wearer to quickly and easily update their information should they change address, update their emergency contacts or modify their medical information.
- **Strong & Durable** - Our bands can withstand a lot of use and wear and tear.
- **Attractive & Fun** - Our medical ID bands are available in a wide range of colours and designs. We continually add more designs to keep our range fresh and ensure there is a style to suit all tastes.
- **Comfortable & 100% Waterproof** - Our bands do not ride up or jingle around the wrist and cannot be easily snagged unlike other bands. Our bands are 100% waterproof (even the ID insert card) and can be worn whilst swimming in the pool or ocean or even when taking a shower.
- **ID at a Reasonable Cost** - Unlike many other ID products, our wristbands are affordable enough for anyone to purchase and are made of quality materials and construction methods so are in no way lacking in their look, feel and function.
